YOGA AND FAMILY CONSTELLATIONS

The integration of yoga and family constellations provides a unique and powerful pathway to healing, self-discovery, and transformation. By combining the physical practices of yoga with the systemic insights of family constellations, individuals can embark on a journey of healing that integrates mind, body, and energy. This synergistic approach offers a profound opportunity for individuals to heal ancestral wounds, cultivate self-awareness, and create greater harmony within themselves and their relationships.

MEDITERRANEAN RETREATS CENTRE

The building, originally a traditional Greek tavern and a small hotel, has been recently renovated and transformed into a yoga centre with a focus on energetic and healing practices. The building, which faces the Kalloni Gulf, is located a few meter away from the sea and is completely isolated and immersed in nature. This area is a heaven for all birdwatching enthusiasts who, especially in spring, come to the island from all over the world to admire pink flamingos, black and white storks, peregrine falcons and many other migratory birds of rare beauty. The gulf is an important breeding area for many fish species which make this stretch of sea teeming with life. Its position, the natural context in which it is located, the peace, the silence and the strength of the elements make it an ideal place to immerse yourself in the study and practice of the various disciplines, leaving behind all physical and emotional burdens that usually crowd our lives.
